

**MILLENNIUM**  
GEOMATICS

## Saskatchewan Land Surveyor

### About the Opportunity

*Millennium Geomatics* is currently seeking a full-time, or contract licensed **Saskatchewan Land Surveyor**. If you are also a licensed **Alberta Land Surveyor**, even better! We are looking for candidates for the **Lloydminster or Calgary, Alberta** areas, but are open to the successful candidate working remotely from another centre.

This position reports to the President and is responsible for the management of individual projects, and the team associated with each one. The successful candidate has an intimate knowledge of jurisdictional survey acts, regulations, oil & gas licensing requirements, and oil & gas operations beyond the scope of conventional surveying. Duties may vary depending if the successful candidate is contract or full-time.

Candidate must be equipped with strong technical, time management, and project organizational skills. Proficiency using MicroSurvey/MSCAD, Microsoft Office products (Outlook, Excel, Word), and online survey document resources (IRIS, ISC, Abadata, etc) are considered beneficial.

Strong interpersonal, team, verbal and written communication skills are crucial to this role.

### About Millennium
